While it teems with all the elements of fullness by those unprotected by a devoted to dislodging the enemy, the medical safeguare. No one seeking horse gave in, and the plucky rider elers sojourning in malarious regions should carry a bottle of the Bitters in the traditional gripsack. #### BENSON BITS.

Oanis. Tuesday the infant son of Mr. and One of the Republican Cam-Mrs. J. E. Beatty of Benson died after a short but severe illness, and was buried the following day.

A meeting of citizens of Benson to protest against abandonment of the military posts of San Carlos and Bowie will be held at the office of H. Gerwein Friday (this) evening.

Mr. Chevalier. express messenger between Benson and Guaymas who went to Los Angeles on sick leave a couple of weeks ago, is reported prostrated with typhoid fever in that city, and is in a very critical condition.

Yesterday evening Benson enjoyed a rare musical treat. The band of the Mexican 24th regiment was here en route frem Guaymas to the Cabrillo celebration at San Diego. While swaiting the train they discoursed sweet music a couple of hours.

Regular trains will not begin to run before the first that county. Mr. Herndon's stand or second of the mouth.

A depot will be erected at Fairbank for the use of Tombstone travel and court referred to. freight shipments. The road has of the Copper Queen Mining company, been collected. and virtually belongs to that company.

It is a standard gauge road, and well equipped with rolling stock. It was built with money made in Cochise county, and on this account we should be proud of it. It is forty miles long and every inch of it is within the lines of the county.

It is a monument to the industry business sense and perseverance of those who have made the Copper Queen Mining company such a pronounced success.

#### A Reckless Rider.

Wm. Reynolds gave an exhibition of his pluck this morning on Allen street in riding a bronco horse. He saddled and mounted him without a blind. No sooner was he in the saddle than the animal, a strong, large bay, made a header for Patton's old harness shop, making the longest and highest bucks imaginable.

He struck the side of the building all in a heap, sod from the mess with his body, Then came the tug of war. The post gave way, letting the awning down, and the horse made a break for Montgomery's wagon house, with Reynolds alternately on his feet and back hanging on to the

He soon had the horse by the head again, and apparently undismayed, after some difficulty again mounted him. This time horse and rider went through the Can Can corner carrying another awning post away, but Reynolds stuck to the saddle.

Away they went like the wind, the horse making the most terrific bolts and larges, running close to every wall and telegraph pole in his effort wealth and prosperity, some of the fairest and most fruitful portions of it to scrape the rider off his back, but bear a harvest of malaris reaped in its it was no use.
